DILWORTH FAMILY SCIENCE NIGHT: January 23rd

Grades K – 2 from 6:00pm – 6:45pm

Grades 3 – 5 from 6:45pm – 7:30pm

TOY BOX PHYSICS

“Did you know that there is science hidden in your toy box? Explore simple machines and other cool concepts as you design a windmill pinwheel, build a springboard catapult, and create a Wibbly Wobbly that uses inertia and momentum to get along!”

A donation of \$20 per child is requested at the door.

Please note that if we do not receive enough donations to cover the cost of the Family Science Night this year, we will not be able to fund this fun filled, educational evening for next year.

The California Constitution mandates that public education be provided to students free of charge, unless a charge is specifically authorized by law for a particular program or activity. This constitutional right of free access encompasses all educational activities, whether curricular or extracurricular, and regardless of whether credit is awarded for the educational activity. Asking parents or guardians to sign a waiver, for an otherwise mandatory fee, charge or deposit, does not render it constitutionally permissible.
